

WEDDINGS

by Rayan Anastor Photography®

the experience

To me, an image is not just a picture. It is an incredible moment captured providing you with a memory.

I believe that the images captured on your wedding day will be timeless heirlooms that future generations will continue to enjoy for years to come. I believe that your wedding day images should be a mix between editorials details, swoonworthy portraits, and the stolen moments that bring you right back to the emotions you felt on the day you said, "I do." I believe that my clients deserve my full attention, not only on their wedding day, but also in the months leading up to and following their wedding. And I believe that the best experience occurs when we are a great fit and transcend from the client-vendor to a genuine friendship. Personal connection and trust is the key to beautiful images.

Couple I love to work with are those who truly seek to have a marriage more beautiful than their wedding. But just like every girl, I love weddings and the details that come with them. My style is very editorial and timeless, and my clients realize that in order to get the images they love, photography must play an important role on their wedding day.

Long after the music has ended, the food has been consumed, and the dress has been put away, your images will remain. Photography is an investment in your first family heirloom, and you absolutely get what you pay for. Not only do I have the ability to create beautiful images, I know that the vast majority of my clients haven't been married before and are navigating the world of wedding planning for the first time. It is my job to help you through the wedding planning process so that you know exactly what is needed to create the images you love, the help you with the timeline so that you can enjoy your wedding day with your new spouse, your family, and your friends, and keep it as stress-free as possible, and to help you find the best vendors in the industry who will take care of you and create the wedding you have always dreamed of.

I would love to learn more about the two of you and the incredible day that will commemorate the beginning of your marriage. I look forward to hearing from you!

An assistant will help with lighting, setup, and photographing during the day. A second photographer will photograph the entire wedding all day long and will separate from me to capture other areas of the day. A second photographer is generally recommended when the groomsmen have a morning activity a bit of a distance from the venue, or there are more than 300 people attending the wedding.

All About Albums

After we receive our wedding images from our photographer, we, as brides and grooms, always would like to have our favorite images placed in a wedding album. And that is why I work with an incredible professional album company to create a wedding album specifically designed for you using the best quality materials and processes. These albums are spectacular and will hold up for a lifetime and more! (Pictures do not do these albums justice!)

We provide full album services from image selection to design to cover selection, and more. Choosing from our main album line of gorgeous bound books, we fashioned a professionally designed keepsake complete with slip cover or protective box for decades of enjoyment.

Design Services

Never worry about design; we include full design services for each album purchased. We will meet with you, or work with you via skype and telephone, after the wedding to discuss your favorite images and plan your wedding and/or engagement album.

Album Options

Album options are unlimited. We have numerous size albums to choose from ranging from square to rectangle. Covers are available in Italian Leather, Leatherette, Metal, Crystal Glance, Silk, Linen, Maple, Suede and more. Bindings are available in Italian Leather, Leatherette, Silk, Linen, Maple, Suede, and Woven materials. Engraving, Mattes, Photographic Paper, Textured Paper, and numerous designs and customizations will help make your wedding album unique.

Unbound Albums

We also offer a gorgeous, handcrafted wood album box to hold printed images from your wedding and engagement. Boxes vary in size, wood, and finish. They come with a selection of your favorite images printed on the medium of your choice. It is a beautiful and unique way to treasure images from your wedding day.

THE PROCESS

From Shoot to Album

The weeks prior to and directly following your wedding planning are busy times. We honor your busy moments work with you to outline your timeline to avoid any unnecessary surprises:

One Month before your wedding: After email/chatting on the phone about the day and discussing any last minute specifications, we send you a wedding information form to fill out all the details most important to you for capturing the best images possible.

One Week before your wedding: We call you for a quick check-in to confirm the details from the schedule and your wedding form.

The day of your wedding: We arrive at the scheduled time and quickly touch base about any final changes. Then we have fun! We photograph you all day enjoying your special moments.

A week after your wedding: We post a sneak peak on Facebook.

Four weeks after your wedding: We post your blog post with images from your wedding day.

Six to Eight weeks after your wedding: We deliver your proofs online for viewing, sharing and ordering. We also outline the album planning process to help prepare you to choose your favorites for your album.

Ten weeks after your wedding: You finalize your images for your album so we can begin the album designing process.

Twelve weeks after your wedding: We work with you for your approval of the album layout as well as to pick out your favorite components for your album in terms of materials, pages and style. We can also use this opportunity to take orders for portraits, wedding party member gifts, parent albums, and any of the other unique keepsakes we offer.

Thirteen weeks after your wedding: Your album and artwork are sent in for creation! One month to size weeks later your album will be delivered!

ENGAGEMENTS

considering an ENGAGEMENT SESSION?

Engagements are an incredible time. You are completely focused on each other and planning your incredible wedding celebration. What better time to have engagement photographs taken. Engagement sessions allow you and your fiancé to have photographs taken of the two of you in a setting you enjoy. You are relaxed, natural.

Engagement sessions are also so helpful as they allow the two of you to get to know me as your photographer, which creates a comfort level going into your wedding day.

By the end of the session, you will be so much more comfortable in front of the camera, which is conveyed in your images! Engagement sessions are great as they are also in a setting of your choice, one that best suits the two of you. We will create some beautiful images for wall portraits, your wedding sign-in book, sign-in board and Thank You cards (shot early enough, we can also provide the images for your Save The Date cards and invitations). Images also add another dimension to your wedding album, chronicling the story from engagement to your wedding day.

Great engagement shoot ideas:

- **At the place he proposed:** After all, what better way to capture an engagement than the place it all started!
- **Images with your pet:** What better way to capture your new family than by including a beloved shared pet in your session?
- **Doing your favorite activity:** You both enjoy wine. What better way to capture your personality than in the beautiful vineyards wine tasting and wandering the incredible landscape?
- **A romantic beach:** In the morning, evening or any time of day, the sea meets an endless sky for a feeling of forever.
- **Your favorite skyline:** Your city is beautiful at any time of the year, and the skyline shares where you live now, a beautiful location that might change with time.
- **A downtown urban session:** Fun and funky, pictures in alleyways or in otherwise undiscovered locations of your area make for a more intimate view of the city.
- **Vintage-styled, with old furniture and funky clothes:** Bring out your nostalgic or avant garde side with some dramatic, edgy modern shots coupled with retro stylings.
- **Seasonal:** Catch the nuances of the seasons, including everything from a winter wonderland, to leaves of fall, to flowers in spring, to the lush, green summers in nearby beautiful fields and forests.
